

BIOGRAPHY

MASTER BOOT RECORD (aka MBR) is a project founded in 2016 by producer **Victor Love (Vittorio D'amore)** mixing together heavy metal and synthesized electronic music.

MBR released 14 albums so far with multiple record labels and has been one of the most successful musicians on US digital distribution platform **Bandcamp** charting **#1 in general charts** several times. Because of that Bandcamp often featured the albums and made interviews directly with the artist.

Starting in 2016 releasing albums under the indie label **Data Airlines** has moved in 2018 to synthwave iconic label **Blood Music** to expand its audience to the electronic community. In 2019 MASTER BOOT RECORD settled with **Metal Blade Records**, the historic metal label based in **Los Angeles** to release the latest two albums "Floppy Disk Overdrive (2020)" and "Personal Computer(2022)" helping the project to gain increased popularity worldwide. MBR has also produced the video game "**VirtuaVerse**" as well as its original soundtrack. VirtuaVerse was released in 2020 on all gaming platforms as well as Nintendo Switch, Xbox and Playstation.

The project as a live band increased their live activity in 2022 including live performing artists such as the guitar virtuoso and Ibanez endorser **Edoardo Taddei** at lead guitars and technical death metal drummer **Giulio Galati**.

The rapid growth of the project sparked an intense live activity that culminated in 2023 with **over 42 shows** including **2 full tours** in Europe and UK as well as participation in renowned European festivals such as **Resurrection Fest (Spain)**, **Euroblast (Germany)**, **Complexity fest (Netherlands)**, **Resistenz Festival (UK)**, **SWR Fest (Portugal)**, **Frantic Fest (Italy)**

The band is currently scheduled to perform at major european festival **Brutal Assault (Czech Rep.)** in summer 2024 and has recently joined major booking agencies **Doomstar booking** in Europe and **Heavy Talent** in North America to increase their live activity in the future.

The new album **HARDWAREZ** will be released by Metal Blade Records on **11 October 2024** and will be followed by a tour in North America, Europe and the UK between 25 September and 19 november with over 35 shows. The tour dates and tickets are available on the official website <https://mbrserver.com>
